Projects

Jan-Feb'21	College Book (https://coolcollegebuddy.herokuapp.com/) The motivation behind to making this project is that we as a college student face difficulty to find college notes, papers , resources etc. So, we made a portal "College Book". A single platform where student is able to find all college resources at single platform. In this project I work on the frontend Part .I used HTML,CSS, JavaScript, Bootstrap to implement the required frontend webpages.
Jun-July'20	Personal Portfolio (https://tarunmittalg.github.io/) I created my own portfolio using HTML, CSS, Javascript, Bootstrap. The aim of making this is to test my web development skills and also showcase my profile.
